Waleed Halawah

CEO

New Engineering eXcellence Contracting Co. LTD
(NEX Contracting Co. LTD)

Dear Valued Stakeholders,

It is my privilege to lead the team at **NEX Contracting Co. LTD**, a forward-thinking construction company proudly serving the Kingdom of Saudi Arabia. Our unwavering commitment to excellence, innovation, and integrity drives us to deliver projects that not only meet expectations but set new benchmarks across the industry.

At **NEX**, we provide comprehensive turnkey solutions that give our clients confidence and peace of mind as we transform their visions into reality. Our ambition is clear - to be the most trusted and preferred construction partner in Saudi Arabia, recognized for delivering innovative, high-quality, and sustainable developments that stand the test of time.

We place client satisfaction, safety, and environmental responsibility at the heart of everything we do. By combining deep technical expertise with advanced construction technologies and a culture rooted in collaboration and professionalism, we consistently strive to exceed expectations at every stage of our projects.

As we continue to grow and strengthen our presence across the Kingdom, we remain firmly committed to the highest standards of quality, governance, and ethical practice. The trust placed in us by our clients, partners, and employees is the foundation of our success, and we are truly grateful for the strong relationships we have built.

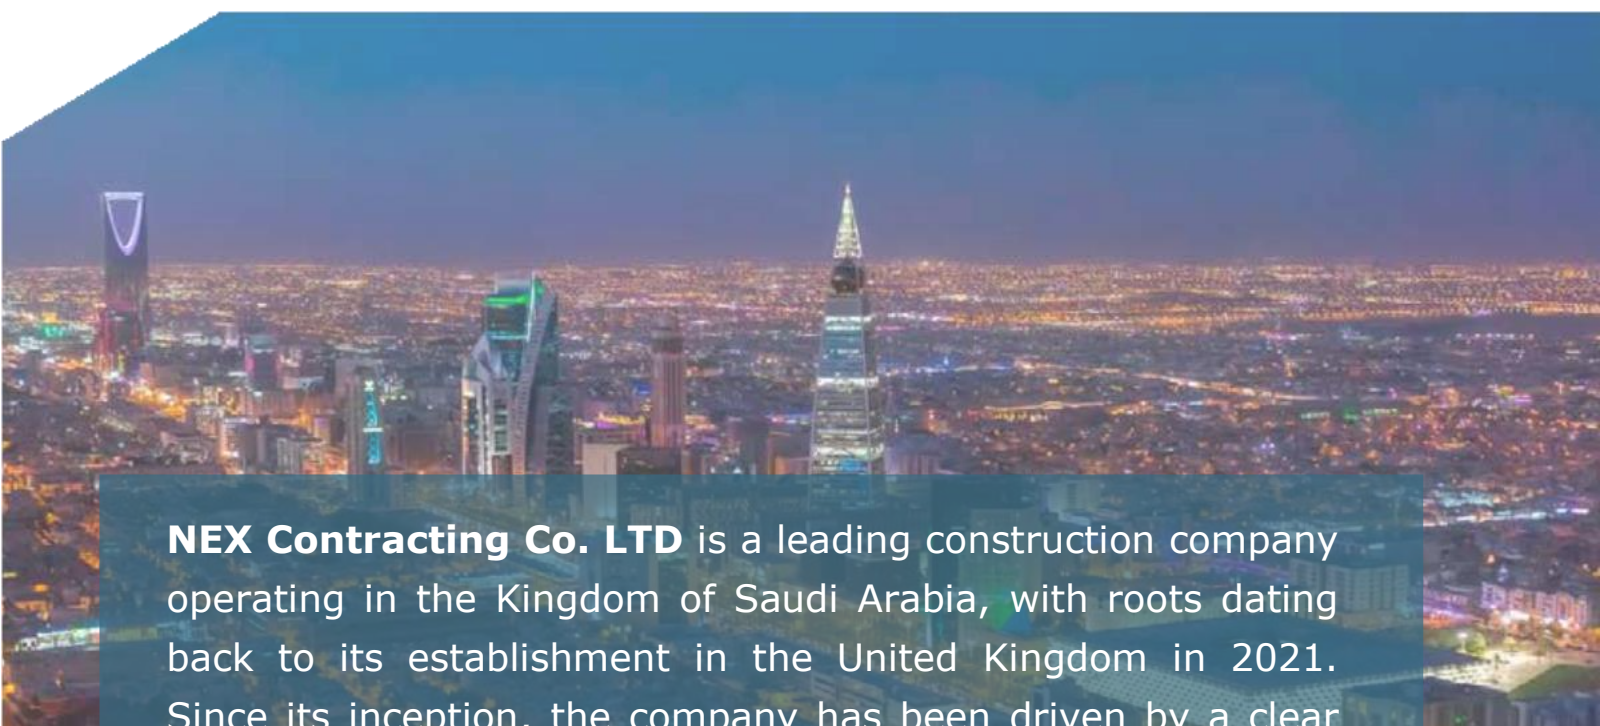

We look forward to forming new partnerships, achieving greater milestones, and contributing to the continued development and prosperity of Saudi Arabia.

Thank you for your confidence in **NEX Contracting Co. LTD**. Together, we are building a stronger future.

Thank you.

Sincerely,

► INTRODUCTION

NEX Contracting Co. LTD is a leading construction company operating in the Kingdom of Saudi Arabia, with roots dating back to its establishment in the United Kingdom in 2021. Since its inception, the company has been driven by a clear mission: to contribute meaningfully to economic growth and infrastructure development across the Kingdom.

With extensive experience spanning the building and construction sectors, **NEX Contracting Co. LTD** has built a strong reputation for delivering high-quality, reliable, and innovative solutions. Our multidisciplinary expertise enables us to undertake complex projects with confidence, precision, and efficiency, while consistently meeting the highest standards of safety and quality.

Through a client-focused approach, advanced technical capabilities, and a commitment to excellence, **NEX** continues to play an active role in shaping modern infrastructure and supporting Saudi Arabia's ongoing development journey.

► VISION & MISSION

VISION

To be the premier construction company in Saudi Arabia, recognized for our unwavering commitment to excellence, innovation, and sustainable development. We aspire to create lasting value for our clients, employees, and the communities we serve, while contributing to the Kingdom's ongoing growth and transformation.

MISSION

At **NEX Contracting Co. LTD**, our mission is to deliver value-added construction services by building strong, long-term partnerships with our clients throughout every phase of the construction journey.

We are dedicated to shaping the Saudi Arabian landscape through advanced construction, MEP, and engineering solutions, ensuring each project is executed with precision, superior quality, and operational excellence.

By fostering collaboration, embracing innovation, and upholding the highest standards of safety and sustainability, we strive to achieve complete stakeholder satisfaction and deliver lasting impact in every project we undertake.

► VALUES

At **NEX Contracting Co. LTD**, we are guided by a set of core values that shape our culture, define our identity, and drive our continued success:

SAFETY

The wellbeing of our people and stakeholders is our top priority. We maintain a strong safety culture across all our operations and project sites.

INTEGRITY

We conduct our business with honesty, transparency, and accountability, building trust with our clients, partners, and employees.

QUALITY

We are committed to delivering exceptional quality in every project, meeting and exceeding our clients' expectations.

CUSTOMER FOCUS

We put our clients at the center of everything we do, striving to understand their needs and deliver tailored solutions.

ACCOUNTABILITY

We take ownership of our actions and decisions, holding ourselves accountable for the results we achieve.

► OUR SERVICES

At **NEX Contracting Co. LTD**, we provide a comprehensive range of construction services tailored to meet the unique requirements of each client and project.

Our team of highly experienced engineers, project managers, and technical professionals is committed to delivering exceptional results across diverse sectors - from initial planning and design coordination to construction, project execution, and final handover.

Our team of experienced professionals is dedicated to delivering exceptional results across various sectors from initial design to project completion and handover.

We combine technical expertise, advanced construction methodologies, and strict quality control to ensure every project is delivered on time, within budget, and to the highest standards of safety and performance.

Through a client-focused approach and integrated project management, **NEX Contracting Co. LTD** serves as a trusted partner in transforming concepts into fully realized, high-quality developments.

1

CONSTRUCTION

NEX Contracting Co. LTD delivers a wide range of construction projects, from complex works to large-scale developments, with strong technical expertise and efficient resource management. We ensure precise execution, full compliance with standards, and high levels of quality and safety while maintaining strict control over time and cost throughout the project lifecycle.

2

MEP (ELECTRO-MECHANICAL)

NEX Contracting Co. LTD provides comprehensive MEP solutions, delivering fully engineered electromechanical and building services for construction projects. Since 2021, we have ensured efficient integration, precise execution, and reliable management of all MEP systems throughout the entire project lifecycle.

CONSTRUCTION

NEX Contracting Co. LTD delivers a broad range of construction projects, from complex works to large-scale developments, with the capability to meet diverse building and infrastructure needs. We ensure precise execution and full compliance with standards throughout the entire project lifecycle.

BUILDING CONSTRUCTION

NEX Contracting Co. specializes in the construction of a wide range of buildings, including hospitals, high-rise towers, shopping malls, commercial complexes, residential developments, and mixed-use projects. The company serves both public and private sectors, ensuring the highest standards of quality, safety, and regulatory compliance.

TURNKEY SOLUTIONS

NEX Contracting Co. provides comprehensive turnkey solutions, managing projects from initial design and planning through construction, commissioning, and final handover, ensuring seamless execution and timely delivery.

CIVIL ENGINEERING WORKS

Our civil engineering services include site preparation, earthworks, foundations, and structural works. Advanced construction methods, modern equipment, and skilled manpower are utilized to achieve superior accuracy, efficiency, and durability.

MEP (ELECTRO-MECHANICAL)

Our company offers comprehensive MEP solutions, integrating essential electromechanical and building services for construction projects. Since our inception in 1998, we have delivered fully engineered solutions, ensuring that all aspects of electromechanical systems are expertly managed throughout the project lifecycle.

ENGINEERING SOLUTIONS

We provide expert engineering solutions, ensuring that all electromechanical systems are tailored to meet project specifications and regulatory requirements.

HVAC SYSTEMS

We specialize in the engineering, supply, installation, and testing of HVAC systems, ensuring optimal climate control and energy efficiency.

FIREFIGHTING SYSTEMS

Our services include the engineering and implementation of effective firefighting systems, adhering to all safety regulations and standards.

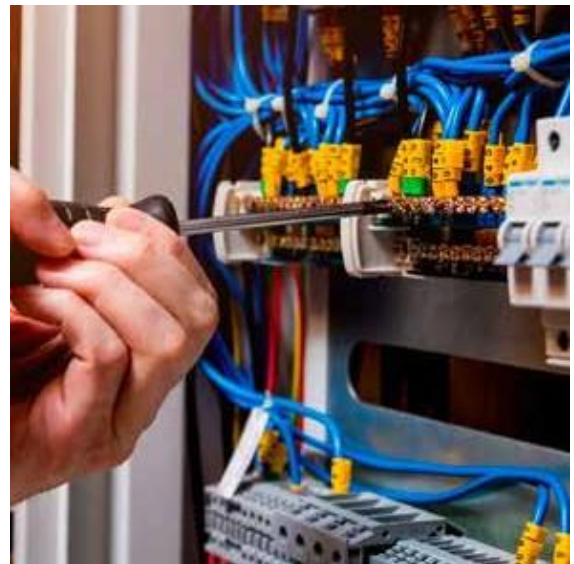

PUBLIC HEALTH SYSTEMS

We manage the engineering and installation of plumbing and sanitary systems and needs

ELECTRICAL SERVICES

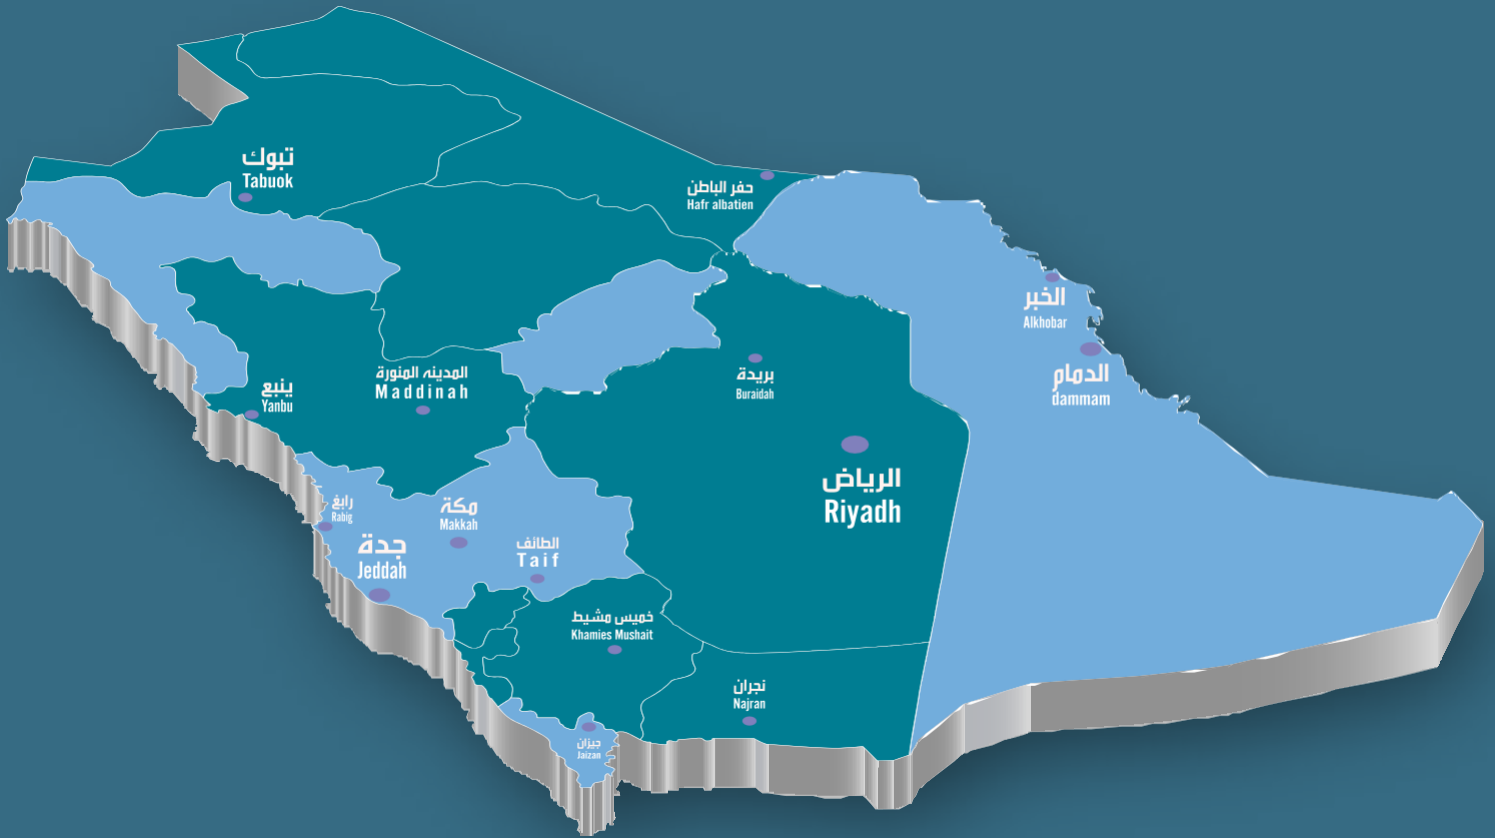

We provide comprehensive electrical services ensuring reliable power distribution and safety. Low Current Systems: Our expertise extends to low current systems, enhancing the functionality of modern buildings.

TURNKEY SOLUTIONS

We offer complete turnkey MEP solutions, managing every aspect from engineering through to supply, installation, commissioning, and handover, ensuring seamless project execution.

► OUR PROJECTS

Throughout its history, **NEX Contracting Co.** has successfully delivered numerous prestigious projects across the Kingdom, demonstrating a proven ability to achieve exceptional results across a wide range of sectors.

The company's portfolio spans diverse project types, including healthcare facilities, educational institutions, commercial developments, and major infrastructure works.

MAJOR UNDERTAKINGS

Our portfolio of major undertakings showcases our capabilities in executing high-value and complex projects across various sectors, including education, governmental, and infrastructure. These projects demonstrate our proficiency in delivering turn-key solutions that meet the specific demands of each client.

QASSIM

KAP1 G3

This turnkey project, completed on July 4, 2020, was executed for the Ministry of Interior (MOI) and consulted by Khatib & Alami. Our team successfully managed all aspects of the project from inception to completion, highlighting our capability to handle large-scale government projects.

SCOPE OF WORK

CIVIL WORKS

Concrete Structures, Steel Structures, Landscape and Hard escape

FINISHING WORKS

All finishing works internally & externally

MECHANICAL WORKS

1. HVAC System (Chillers, Pumps, AHU, FCU, Duct, Pipes, PACU, Duct split)
2. Firefighting Systems
3. Plumbing systems

ELECTRICAL WORKS

1. High Current system (Power, Lighting, Generator, UPS, ATS, RMU, Transformers, etc.)
2. Low Current (Fire Alarm, CCTV, BMS, AV, IT, Acc door, Public Address, etc.)

SFDA REGIONAL HEADQUARTERS

NEX Contracting Co. successfully delivered this turnkey project for the Saudi Food and Drug Authority (SFDA), with Saud Consult appointed as the project consultant. The project was completed on February 5, 2019, reflecting the company's strong capability to execute government projects efficiently while maintaining full compliance with approved standards, specifications, and regulatory requirements.

SCOPE OF WORK

CIVIL WORKS

Concrete Structures, Steel Structures, Landscape and Hard escape

FINISHING WORKS

All finishing works internally & externally

DAR AL JEWAR

A turnkey project completed in April 2023 for KEC. This project involved comprehensive construction services, ensuring high-quality standards were met throughout the execution.

SCOPE OF WORK

CIVIL WORKS
Concrete Structures

FINISHING WORKS
All finishing works internally & externally

ONGOING PROJECTS

KKIA Concourse "A" KING KHALID INTERNATIONAL AIRPORT

NEX Contracting Co. is currently executing the Fit-Out Package for the KKIA Concourse "A" Project at King Khalid International Airport. This turnkey scope is designed to enhance airport capacity and operational efficiency through the delivery of state-of-the-art facilities, fully compliant with international aviation standards and project requirements.

SCOPE OF WORK

CIVIL WORKS
Concrete Structures

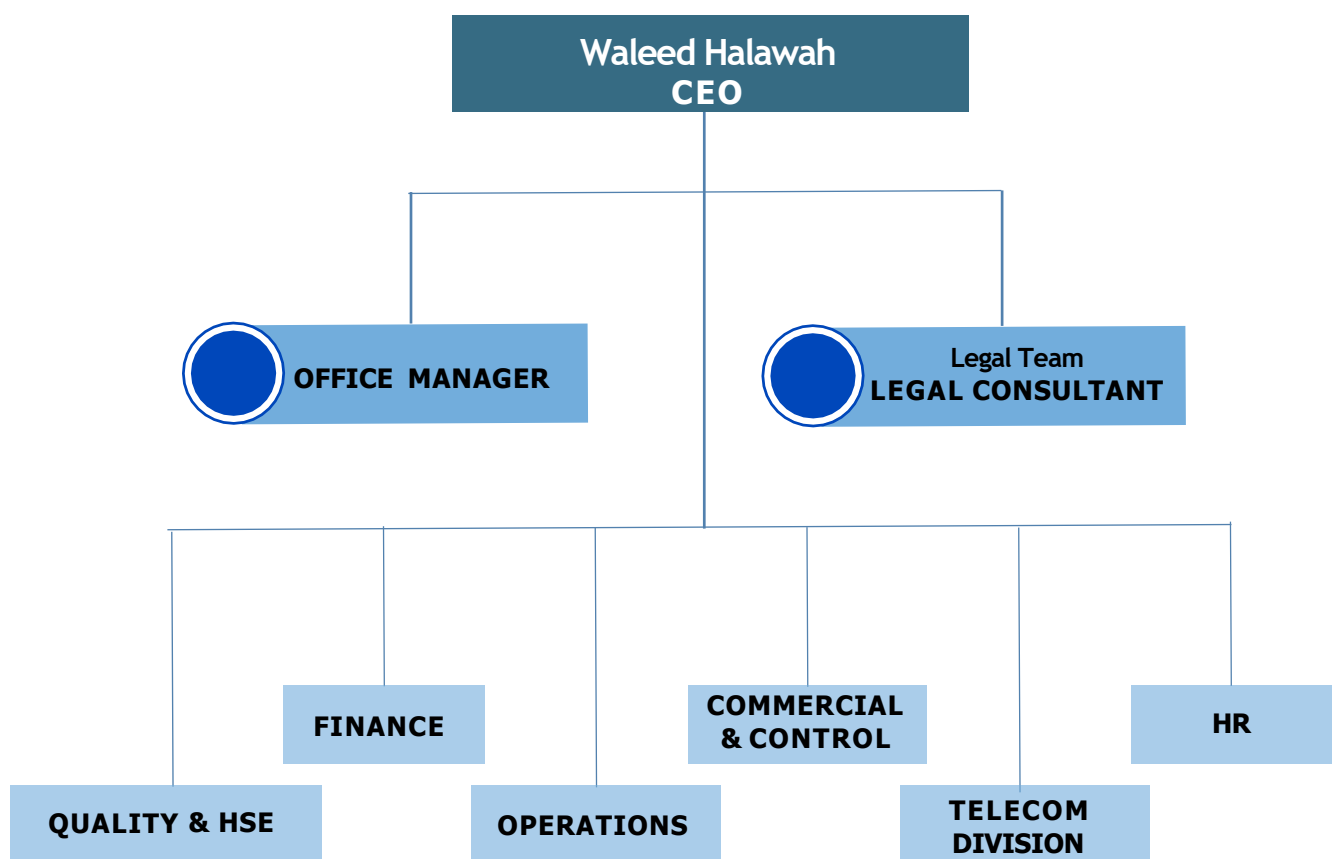

FINISHING WORKS
All internal finishing works

► OUR **DIVISIONS**

TOP MANAGEMENT

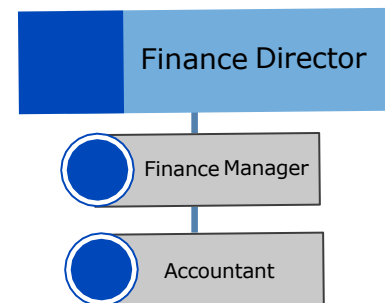

At the core of **NEX Contracting Co.'s** success is a highly skilled and dedicated workforce. Our team consists of experienced professionals from diverse disciplines, including engineers, project managers, technicians, and skilled labor, all equipped with the expertise and technical capabilities required to consistently deliver outstanding results.

ORGANIZATION CHART

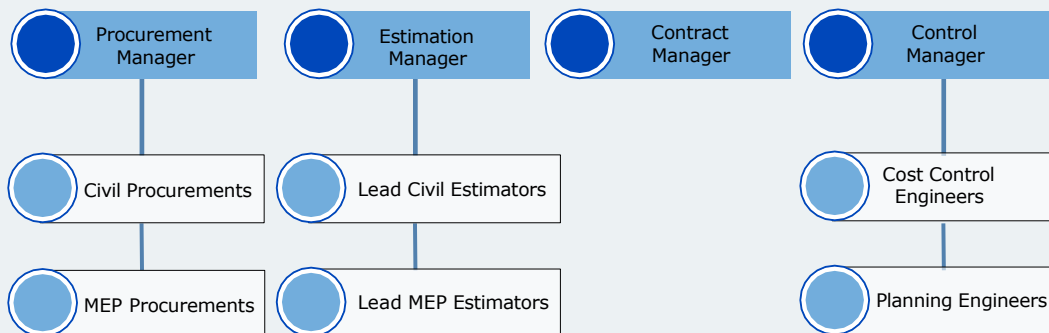

QUALITY & HSE

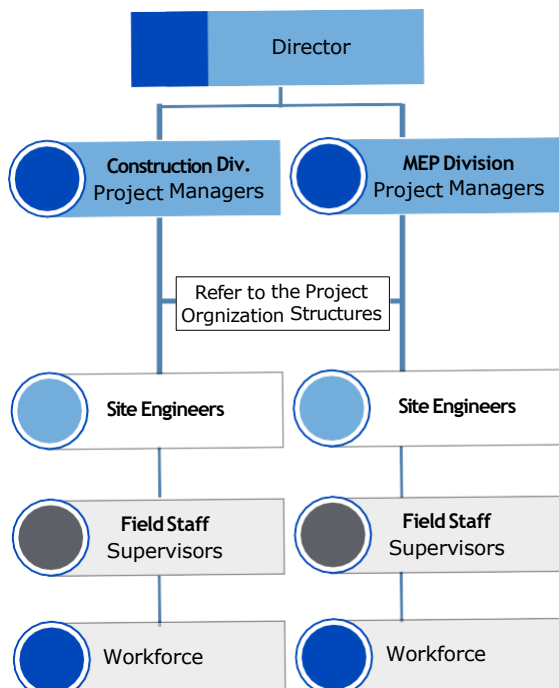

FINANCE

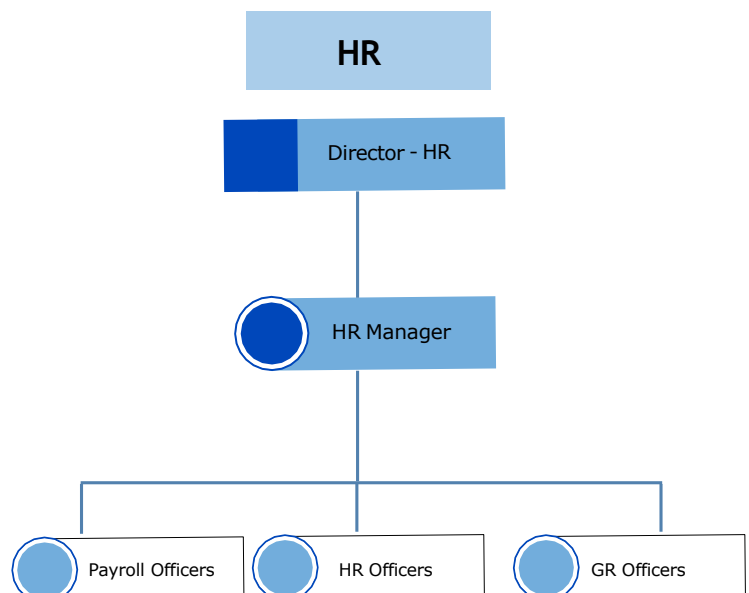

COMMERCIAL & CONTROL

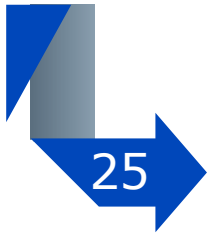

OPERATIONS

HR

OUR WORKFORCE

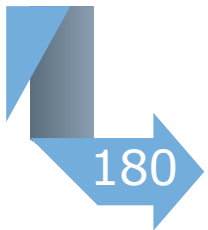

ENGINEERING TEAM

Our engineering team is composed of highly skilled professionals, including electrical, mechanical, and civil engineers. Each play a crucial role in the planning and execution of projects, ensuring that all technical aspects are meticulously addressed and aligned with industry standards.

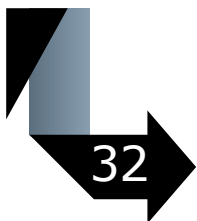

SUPERVISORY STAFF

In addition to the engineering team, our supervisory staff plays a crucial role in overseeing project implementation. This includes electrical, mechanical, and civil supervisors, along with quantity and QA/QC supervisors, who maintain quality control and ensure that all aspects of the projects are executed efficiently and effectively.

TECHNICAL AND SKILLED LABOR

Our technical and skilled labor force includes AutoCAD operators, computer programmers, office secretaries, and other key personnel such as carpenters, masons, and technicians. Their expertise allows us to tackle complex tasks and deliver results that always meet client expectations.

ADMINISTRATIVE AND SUPPORT STAFF

The administrative and support staff provide vital assistance in managing operations smoothly. This includes accountants, office clerks, and timekeepers who ensure that administrative functions run efficiently, supporting the overall productivity of our workforce.

LABOR FORCE

Our labor force consists of electricians, welders, and a variety of skilled and semi-skilled laborers who contribute significantly to the hands-on work required in our projects. Their dedication and hard work are fundamental to the successful completion of our undertakings, reinforcing our commitment to quality and efficiency in every aspect of our operations.

► EQUIPMENT & MACHINERY

To uphold its commitment to delivering high-quality projects, **NEX Contracting Co.** places strong emphasis on investing in advanced equipment and modern machinery. The company recognizes that the availability of the right tools is critical to achieving efficiency, accuracy, and effectiveness on site. Accordingly, all equipment is sourced from reputable and leading manufacturers, ensuring consistent reliability and high performance across a wide range of construction activities.

This strategic investment enables **NEX Contracting Co.** to successfully execute diverse project requirements, ranging from civil and structural works to complex electro-mechanical installations.

90

CARS & TRANSPORT VEHICLES

These vehicles are essential for transporting personnel and ensuring the seamless operation of our projects. They support the day-to-day logistics across all our construction sites.

06

CEMENT MIXER TRUCKS

Crucial for the preparation and delivery of concrete, these trucks ensure that our projects have a steady and timely supply of concrete tailored to specific requirements.

09

EXCAVATOR TRUCKS

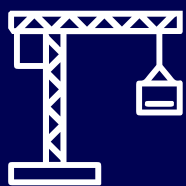

Designed for heavy-duty tasks such as digging, trenching, and material handling, these excavators are vital for executing the foundational work necessary for construction projects.

20

DUMPING TRUCKS

These trucks play a key role in transporting materials such as debris and soil, facilitating efficient site clearance and preparation for construction activities.

02

CRANES

Our cranes are indispensable for complex lifting operations, allowing us to handle the movement and placement of heavy materials with precision.

05

BULLDOZERS

These machines are essential for earth-moving and grading tasks, ensuring that construction sites are prepared to the highest standards before building begins.

This extensive range enables **NEX Contracting Co.** to efficiently manage and deliver projects of varying scales and levels of complexity, consistently meeting and exceeding client expectations.

► MEP EQUIPMENT

At **NEX Contracting Co.**, we deploy advanced MEP tools and specialized equipment to support safe, efficient, and high-quality operations across every phase of the project lifecycle.

ELECTRO-HYDRAULIC CABLE PUNCHING MACHINE

Our state-of-the-art electro-hydraulic cable punching machines are crucial for precise cable terminations. These devices efficiently punch cable lugs with cables, ensuring secure and reliable connections in all types of cable termination projects.

HYDRAULIC CABLE CUTTING TOOL

We employ hydraulic-powered cable cutting tools for clean, efficient cuts through thick, heavy-duty cables. This equipment is essential for handling electrical and steel-reinforced cables in our various construction and engineering projects.

EARTH RESISTANCE & RESISTIVITY TESTER

Our advanced Earth Resistance and Resistivity Testers are used to measure ground resistance and soil resistivity. This equipment is vital for assessing and ensuring the effectiveness of grounding systems in our electrical installations, maintaining the highest safety standards.

DIGITAL INSULATION / CONTINUITY TESTER

Used to measure insulation resistance and check circuit continuity in electrical systems. This equipment helps ensure system reliability, detect potential faults, and maintain safe operation in compliance with project and international electrical standards.

DUCT FORMING MACHINE

Our state-of-the-art duct forming machines are integral to our HVAC and MEP operations. These specialized tools allow us to fabricate custom ductwork on-site, ensuring perfect fits and optimal airflow in our building projects.

SHEET METAL WELDING MACHINE

Used for welding sheet metal components with high precision and strength. This equipment ensures the fabrication of durable, high-quality metal structures and products, supporting reliable execution across various construction and MEP projects.

PIPE BENDING MACHINE

Our hydraulic pipe bending machines enable us to form pipes to exact specifications for plumbing, structural, and mechanical applications. This equipment is crucial for creating custom pipe configurations efficiently and accurately, meeting the unique requirements of each project.

GROOVING MACHINE

Used for preparing pipes for mechanical jointing by creating precise and consistent grooves. This equipment supports fast and efficient installation of piping systems, ensuring accuracy, reliability, and high-quality execution in construction and MEP projects.

CABLE LOCATOR

We use sophisticated cable locators to detect the position and depth of underground cables, pipes, and utility lines. This equipment is essential for preventing accidental damage during excavation and construction work, allowing us to identify hidden utilities without the need for exploratory digging.

HEAVY CABLE PULLER

Our heavy cable pullers are designed to handle large, heavy-duty cables during installation. These hydraulic or motorized systems generate the necessary force to pull cables through conduits or over long distances, enhancing efficiency and safety in our industrial and construction projects.

SHEET METAL SHEAR MACHINE

Our high-precision shear machines enable clean, accurate cuts on various metal sheets. These robust tools are essential for our processes, ensuring precise sizing and shaping of materials for diverse construction and engineering projects.

SHEET METAL BENDING MACHINE

Used to form precise angles and shapes in sheet metal. This versatile equipment supports the fabrication of custom components with high accuracy and efficiency, ensuring quality execution for construction and MEP projects.

► OUR CLIENTS

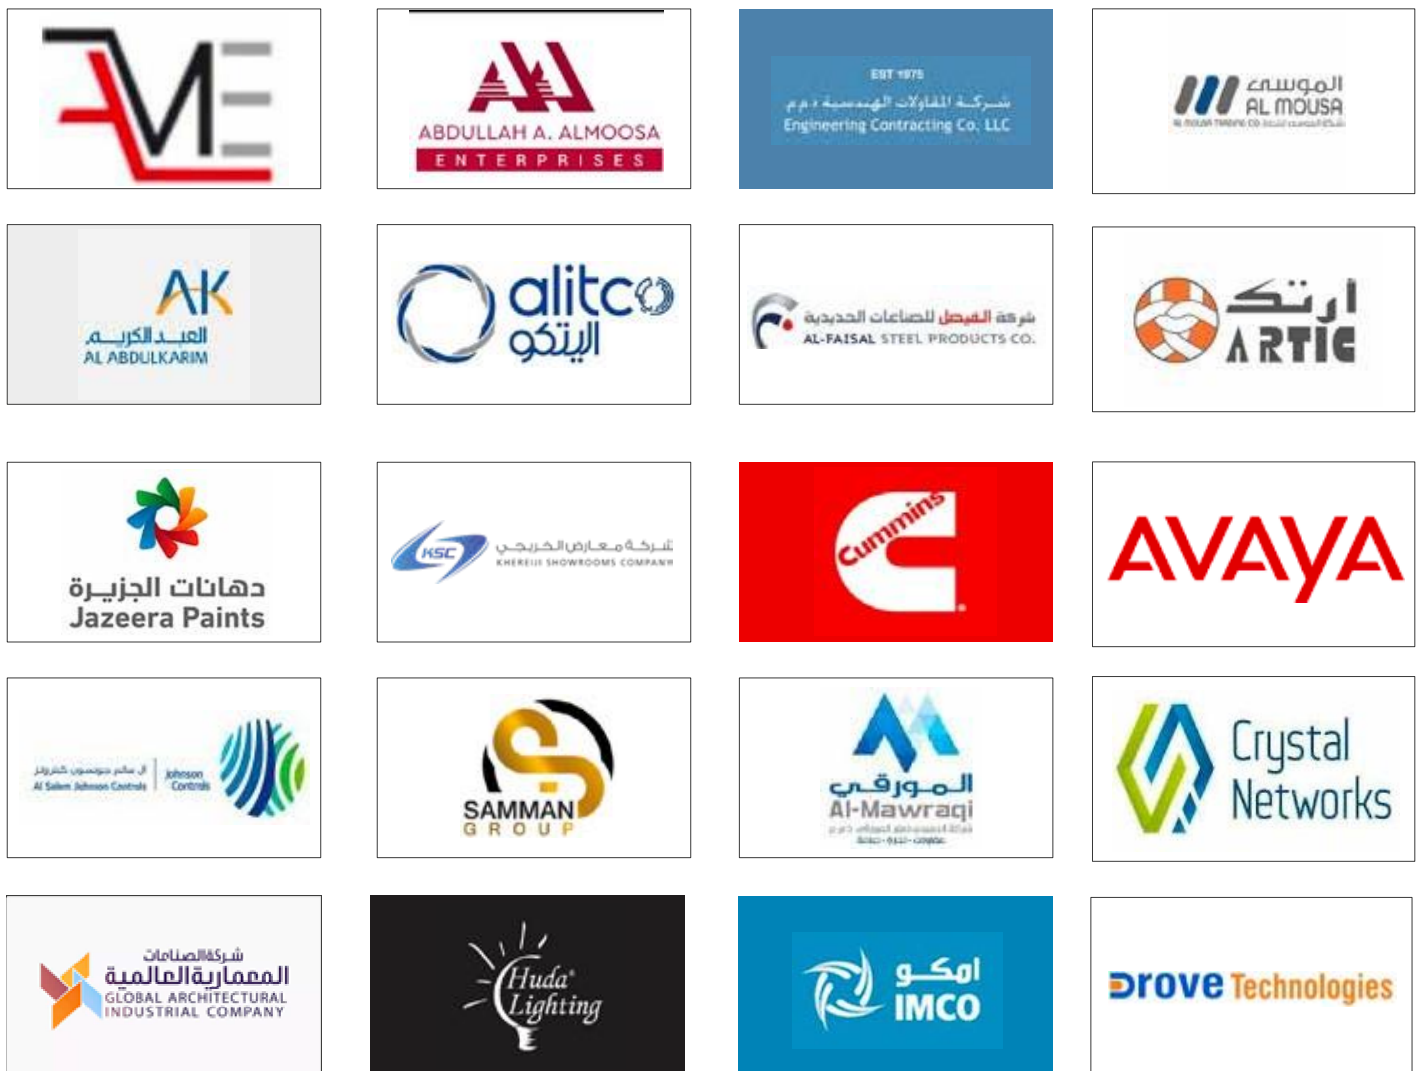

At **NEX Contracting Co.**, we have built strong relationships with a diverse portfolio of clients, including government entities, private sector organizations, and international institutions. Our commitment to quality, reliability, and client satisfaction has earned the trust of many esteemed clients, some of whom are listed below.

CONSTRUCTION

► SUBCONTRACTORS & SUPPLIERS

Our expertise in construction covers a broad spectrum of projects, reflecting our ability to manage both intricate and large-scale developments. We are equipped to handle diverse building and infrastructure requirements, ensuring precision and compliance throughout the project lifecycle.
